In 2025, Trans Côte d'Azur put into service a hydrofoil catamaran passenger ferry. Modern and environmentally friendly, it reduces fuel consumption by 40%. Since 2023, Trans Côte d'Azur has been using CRISTAL POWER, a sulfur-free biodiesel. The company is also committed to the future through ongoing studies of a hydrogen-powered passenger vessel. In the event of adverse weather conditions or technical difficulties, management reserves the right to cancel or modify departure times.
